

## COMPARE WALL PRODUCTS

EVOKE ARCHITECTURAL WALL

GENIUS ARCHITECTURAL WALL

LIGHTLINE ARCHITECTURAL WALL

### OVERVIEW

#### Key Features

- Passive aesthetics with seamless reveal lines (nearly matches appearance of drywall)
- Modular construction and easily reconfigurable
- Quiet acoustics with STC rating of 50
- Paint it, wrap it, inkjet print on it

- Supports custom designs and configurations
- Compatible with system furniture and other architectural solutions
- Panel shells available in solid materials, glass or combination
- Seamlessly delivers power and data options
- Soft close/open sliding doors

- Highly adaptable alternative to traditional stick-built storefront
- Requires 50% less labor than stick-built construction
- Pre-assembled at KI manufacturing site
- Leaves no waste, saving time, money and environmental resources
- Soft close/opening sliding doors

<b>Ease of Installation &amp; Reconfiguration</b>	Easy. On average, installation rate of one hour per lineal foot.	Easy. On average, installation rate of one hour per lineal foot.	Easy. On average, installation rate of one hour per lineal foot.

<b>Fire Rating</b>	<p><i>Similar to all movable wall systems, KI architectural wall is not a fire rated wall. In order for an Architectural Wall to be fire rated, it needs to extend to the building deck above. The surface materials for KI walls are tested for flame spread and smoke development per ASTM E84.</i></p>	<p><i>Similar to all movable wall systems, KI architectural wall is not a fire rated wall.
